Major J. Hoge Tyler Up to This Time the Pavorite for Gubernatorial Honors. Contest for Office of Attorney General,

The week that has just come to a close has, perhaps, been the most exciting one during the entire campaign of the present year, and this can certainly be said for the city of Richmond. During that period delegates were elected to the Democratic State Convention which will convene in Roanoke on August 11th in the cities of Richmond, Lynchburg and

the cities of Richmond, Lynchburg and Danville, besides several counties.

The result of the primary held in this city is well known to all readers of The Times and needs no restatement in these columns. While the friends of Mr. J. Taylor Ellyson are rather reticent on that point, with the exception of the statement that the minority representation as adopted by the City Democratic Committee has worked them a grave injustice in giving Mr. Tyler twenty-four more votes than he was justly entitled to, the latter's friends claim that the battle is practically won for him and that he will certainly receive the Democratic nomination for Governor.

NO FOUNDATION FOR IT. NO FOUNDATION FOR IT.

A rumor was started somewhere yesterday that an effort would be made by the friends of Mr. Ellyson at Roanoue to contest Major Tyler's delegation from this city because it had not been chosen according to Democratic ethics. The leaders among Mr. Ellyson's friends, however, say that they have not heard of any such proposition.

ever, say that the proposition.

Mr. Tyler's friends say they would not be in the least concerned, even if there was any foundation for such a rumor. They think Mr. Ellyson will during the rest of the campaign have to receive a better proportion of the delegates yet to be elected than he received of those in well as the proposition of the delegates are the second than the received of those in the second than the received of these in the second than the received of the second than the received of these in the second than the received of these in the second than the received of the second than the received of these in the second than the received of these in the second than the received of the received of the second than the received of the r this city before he will be able to secure the nomination. While this is regarded by them as doubtful, Mr. Ellyson's friends claim that all their outside strength has yet to be tested.

Neither of the candidates has yet an-nounced the manner in which they will select their delegates from this city. Unthe primary plan they are allowed un-July 48st to make their selections. WHO WILL ELECT NEXT.

Up to the present time elections of delegates in various sections of the State have been announced for the following

It is understood that a majority of the delegates of Alexandria City will go for Tyler and the delegation from Frederick county and the city of Winchester, al-though uninstructed, are also claimed by Mr. Tyler's friends. FOR LIEUTENANT GOVERNOR.

As the contest for the places subject to the nomination by the State Convention progresses, the position of Licutenant Governor seems to increase in importance. At first there was hardly any mention of candidates made, but recently several names have been brought into prominence.

prominence.
State Senator Edward Echols, of Staunton is well thought of by a good many, while other names have also been brought into prominence. A good many of the free silver Democrata are in favor of putting a man on the ticket for second place who is well known for his Populis-tle views. In their opinion such a man as Major Mann Page would exactly foot

the bill.

Others have mentioned the name of Colonel A. S. Buford, of this city, while again others think the second place should be given to Mr. J. Taylor Ellyson, if he cannot secure the nomination for Governor. The eighteen delegates from the city of Alexandria have been instructed to vote for their townsman, James R. Caton, a preminent lawyer, while the people of Charlotte county desire that their people bring Major Richard V. Gaines to the front.

RAELIGH, N. C., June 26.—Special.— The death of ex-State Treasurer Samuel McDowell Tate, of Morganton, causes deep regret all over the State, particular-ly among the ex-Confederates. He was a very gallant soldier. At Gettysburg, as colonel of the Sixth North Carolina. Regiment, he passed through a gap in as colonel of the Sixth North Carolina. He declares that this is all the Caucasion has in it; that it means a saving of rent, and some returns on property; as the plant will all be taken to Barnes' office. ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weak ness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy, is seen realists! If you need a medicine you should have the best. NEWPORT NEWS, VA., June 28.—Special.—There is a nevement on foot to secure a rule against C. L. When the case came up before the police court the woman certified that sine had never sworn out the warrant. Ellis was dismissed.

Histrist then went to his office and issued a warrant, on his own behalf, charging the woman with perjury. He then tried her before his own court and found her mility, imposing a fine of \$15. In default of the fine he issued a mittimus committing her to juil.
